NPC, PAPI call on BBM to strengthen media task force

The National Press Club of the Philippines has passed a special resolution calling on the incoming Marcos administration to continue supporting the operation of the Presidential Task Force on Media Security (PTFoMS).

“As one of the national media organizations actively engaged as media-partner and stakeholder of the task force since its creation by President Duterte in 2016, we have seen how effective the task force has been in fulfilling its mandate of giving protection to the life, liberty and safety of all media workers,” NPC president Lydia Bueno said in a news release on Friday.

“We believe its continuation under the Marcos administration would send the strong message to the world that it is just as committed, if not more, in upholding a free and responsible press that was started by the Duterte administration,” she added.

Under Special Resolution No. 1, series of 2022, the NPC noted that since the creation of the PTFoMS in October 2016, media workers

have relied on the task force as their direct line to the Office of the President for prompt action on their concerns.

Bueno also noted that despite its limited resources as an ad-hoc body, the task force has made significant impact in the country’s media landscape and it is now also the repository of the most authoritative and documented reports on all cases of media-re-

PGC holds Top Management Review

Cavite Provincial Government held its Top Management Review on May 19, 2022 at the Sangguniang Panlalawigan Session Hall, Legislative Building in Trece Martires City attended by Provincial Administrator Renato Abutan and heads of different PGC departments and units.

The meeting was facilitated by Ms. Michelle Alcid, Provincial Board Secretary & Quality Management Representative.

Various topics were presented including updates on strategic performance management system, result of the PGC QMS internal quality audit from 3rd quarter of

2021 to 1st quarter of 2022 as well as reports of the different Quality Management committees – workplace inspection, feedback mechanism, and training and education.

The top management review was conducted to assess and evaluate the QMS implementation in the Provincial Govern-

ment of Cavite which would help resolve issues and concerns within the system for further improvement.

It was reported in the meeting that PGC attained zero non-conformity during the last surveillance audit in September with 5 audit observations. **(PICAD)**

lated violence in the country.

In the May 9 elections, Bueno noted that through the joint effort of the task force, its media partners and other government agencies, not a single media-related violence was recorded by the Philippine National Police.

"The lack of media-related violence in the May 9 national and local elections is not only a testament to the success of the task force but it is also a first in the history of our elections and something that we should all be proud of," Bueno added.

The NPC urged President-elect Ferdinand Marcos Jr. to consider

strengthening the task force further by issuing an executive order converting it into a Presidential commission for media security that will "broaden its power in effectively addressing all concerns related to the country's media sector".

The NPC endorsed PTFoMS Executive Director, Undersecretary Joel Sy Egco, as chair of the proposed body.

Egco is also a former NPC president.

"We are confident that Undersecretary Egco would be able to fulfill the new President's instructions and expectations when it comes to the safety and well-being of all members of the

press," Bueno added.

Meanwhile, the Publishers' Association of the Philippines, Inc. (PAPI) also believes that the power of the PTFoMS can be enhanced with the formation of a full-pledged commission.

"We likewise believe that president-elect Ferdinand Marcos Jr. will surely welcome this latest development in the journalism industry into his administration," Nelson Santos, PAPI president, said in another statement.

"PAPI would also like to endorse Undersecretary Egco, given his sterling record and effective leadership that earned the respect and admiration of the media and media organizations here and abroad," Santos said. **(PNA)**

Comelec ready to hold special polls for Remulla post

The Commission on Elections (Comelec) on Monday said it can hold special polls for the position of Cavite 7th District Rep. Jesus Crispin "Boying" Remulla once he assumes the job as secretary of the Department of Justice (DOJ) in the next administration.

Comelec Commissioner George Garcia said it is up to the House of Representatives to decide if it would appoint a caretaker solon or declare a vacancy and call for a special election.

"We will wait for Congress. If Congress says we will fill up the position

to conduct a special election, we will conduct the special election," he said in a press briefing. "But usually, the Congress just appoints a caretaker to handle the concerns of the district."

Remulla, who was re-elected to the post in the May 9 elections, report-

edly accepted the offer of presumptive president Ferdinand "Bongbong" Marcos Jr. to head the DOJ.

"We call those incompatible offices. You cannot accept one and at the same time accept the other. You have to give up one and accept the other," Garcia said. **(PNA)**

Make time to visit a museum

T Museums are places of discovery. They teach us about the past and how it has shaped society today.

In schools, a visit to museums is part of the curriculum to enhance learning especially in the subjects of art, history and social studies.

In travel, a museum is a must in the itinerary for it presents a view of the culture of the people in the places one visits.

In leisure, a walk through a museum is always a pleasant experience of "hearing" the stories of the human race told by artifacts and artworks.

Museums have a special role in human development. It gives a view of the heart, soul and spirit of a village, a town, a city, or a nation. Today, there are even private museums that allow strangers to look into the history of a family

Days ago, International Museum Day (IMD) was celebrated to focus on the importance of the role of museums in society and development. IMD was established by the International Commission on Museums (ICOM) in 1977 and every year since then, that special day for these special places of discovery is celebrated on May 18, or around that date.

"It is a celebration with the objective of raising awareness of the fact that museums are an important means of cultural exchange, enrichment of cultures, development of mutual understanding, cooperation, and peace among peoples. Today, this objective is as relevant as ever," the IMD message said.

"Museums have the power to transform the world around us" — are the powerful 10 words that greet the reader in the IMD 2022 page, a message that reflects the theme of this year's celebration — The power of museums.

The theme focuses on three ways in which museums can transform the world through the power of fostering sustainability and climate justice; the power of innovating on digitalization and accessibility; and the power of community building through education.

The IMD celebration which lasts through the week, has registered more than 5,000 activities organized by museums around the world to start the transformative power to bring about positive change in their communities.

In 2021, more than 37,000 museums participated in the event.

According to UNESCO, the current estimated total number of museums worldwide is around 104,000. Western Europe and North America have around 61 percent of museums as of March 2021. The United States accounted for nearly one-third of that number and tops the list of the countries ranked by the number of museums.

In the Philippines, the important role of museums is reflected in the work of the National Committee on Museums (NCOM) who reported that there are now 161 museums in the country — 56 in the National Capital Region; 22 in Northern Luzon; 36 in Southern Luzon; 36 in the

Visayas; and 11 museums in Mindanao.

The works of art, specimens, and cultural and historical artifacts that represent the cultural heritage of the Filipino people and the natural history of the Philippines are exhibited at the National Museum, which is described in its home page as "an educational, scientific and cultural institution."

Today, the National Museum network comprises 19 regional, branch and site museums throughout the country. That all started when the National Museum was opened in 1901.

Make time to visit a museum. A first, second, or ninth visit can transform you. It is always worth the time.

"After the Covid-19 pandemic that seriously limited the movement of everyone, this is the first time that the MPT South conducted this annual medical mission activity. Now that restrictions have been lifted we activate our annual medical missions for our communities.

We are very grateful to our partners and also to the volunteers who've extended their efforts and been with us on the Day 1 of the event. We hope to conduct more CSR activities in our host communities not just for their health but also for safety and care for the environment" said Arlette V. Capistrano, MPT South Spokesperson and Assistant Vice President for Communication and Stakeholder Management.

Meanwhile, the officials and members of Barangay Aplaya assist in gathering the patients for the activity and providing the venue and set up for general check up for adults, pediatric consultations, circumcision area and wellness stations.

"Maraming salamat po sa pamunuan ng Metro Pacific Tollways sa programa pong ito dahil marami pong natulungan mula sa mga bata

hanggang sa matatanda. Asahan po ninyo ang suporta po namin sa inyong mga programa lalo kung sa ikabubuti ng mga mamamayan. Maraming salamat po," said Baragay Aplaya Captain Rommel Fernandez in a statement.

For this year, the toll road company's "Alagang MPT South Medical Mission" also targets to serve communities in Barangay 183, Pasay City on May 28; and in Barangay Tibig, Silang, Cavite on June 4.

"Alagang MPT South Medical Mission" is a part of MPT South's corporate social responsibility efforts and is designed to serve people residing in the rim of Manila-Cavite Expressway (CAVITEX), CAVITEX C5 Link, and Cavite-Laguna Expressway (CALAX), who lack resources to go to paid health facilities to get medical consultations and medical needs. The activity also provides select medicines and vitamins to the participants.

Aside from the CALAX and CAVITEX network of toll roads, MPTC's domestic portfolio includes the concessions for the North Luzon Expressway (NLEX), the NLEX Connector Road, and the Subic-Clark-Tarlac Expressway (SCTEX), and the Cebu-Cordova Link Expressway (CCLEX) in Cebu.

BE SEEN BE HEARD WITH THE BODY SHOP AND THE UN

The Body Shop and the United Nations Secretary-General's Envoy on Youth launch global collaboration calling for more young voices in the halls of power their joint the Be Seen Be Heard campaign.

That's because millions of young people are missing from public life. With the climate crisis, global conflict and generational inequalities running rampant, the inputs, perspectives and representation of youth are needed more than ever.

Almost half the world's population is under 30. Yet, they make up only 2.6% of parliamentarians around the world. The average age of a world leader is currently 62. Of all the parliaments in the world, 37% do not have a single Member of Parliament (MP) under age 30 and less than 1% of these young MPs are women.

Young people have the right to be included in political decisions that affect them, however, numerous barriers prevent their participation. The Body Shop and the Office of the United Nations Secretary-General's Envoy on Youth are collaborating to change this through the global Be Seen Be Heard campaign to amplify youth voices in public life.

The campaign seeks to create long-term structural changes to decision-making to be more inclusive of young people. It was launched last May 11 with the release of a joint report, 'Be Seen Be Heard: Understanding young people's political participation'. The report which includes findings from the largest-ever survey carried out by The Body Shop in December 2021, covering 26 countries with 27,043 respondents in total, over half of which were under age 30.

The research found that 82% of people surveyed agree that political systems need drastic reform to be fit for the future. Across the board, 84% of people described politicians as 'self-interested' and 75% of people surveyed think politicians are corrupt.

The majority, two in three people, also agree that the age balance in politics is wrong, with 8 in 10 people of all ages believing the ideal voting age (the age when someone can first vote) is 16 to 18, despite that in most countries around the world the voting age is 18 or over. A

Young people have a vital part to play in the decisions that affect us all. Join The Body Shop and UN Envoy on Youth campaign and Be seen Be heard.

Be Seen Be Heard campaign by The Body Shop and UN Envoy on Youth seeks to raise the voice of millions of young people in over 75 countries across six continents.

third of those under age 30 surveyed would consider running for office versus only a fifth of those over age 30. People across all age groups agree that more opportunities for younger people to have a say in policy development and/or change would make political systems better.

David Boynton, CEO of The Body Shop says, "Our position is clear. The world's problems cannot be solved by the same people making the same choices.

Our research indicates the majority of young people are positive about the future, and we need to hear their views and ideas inside the halls of power. Be Seen Be Heard is rooted in creating a fairer world with and for young people, and together with the Office of the United Nations Secretary-General's Envoy on Youth – we are on a mission to do exactly that."

J a y a t h m a Wickramanayake, the United Nations Secretary-General's Envoy on Youth says, "The intergenerational gap in power, influence and trust constitutes one of the biggest challenges of our time. As young people have made abundantly clear through their activism on the streets, in civil society and on social media, they care deeply about the transformational change needed to create more equal, just and sustainable societies. Participation is a right, and this campaign is an opportunity to change that."

The Body Shop and the United Nations Secretary-General's Envoy on Youth push for transformational change. Among other actions, young people's participation in public decision-making could be improved long-term by lowering voting ages, increasing formal youth representation through youth councils, parliaments, or committees, removing barriers for young people to participate in public decision-making, simplifying registration for first-time voters, and improving young people's leadership skills.

Campaigning in 2,600 stores, in over 75 countries, across six continents. The collaboration between The Body Shop and the Office of the United Nations Secretary-General's Envoy on Youth will mean that young people and other stakeholders will be able to engage with the campaign through many routes. Local campaign activations will include partnerships with specific youth-led or youth-focused non-governmental organisations (NGOs) and/or opportunities to support through petitions and other activations.

The campaign launched globally in May 2022 and will run until mid-2025. Check out the campaign website for further information www.beseeheardcampaign.com

DURING THE GREAT DEPRESSION, PEOPLE MADE CLOTHES OUT OF FOOD SACKS

People used flour bags, potato sacks, anything made out of burlap really.

Because of this, food distributors started to make their sacks more colorful to help people remain a little bit fashionable.
