Landmark global biodiversity agreement: A gift for the planet and future generations

Amid the flurry of holiday-related activities, COP15 — formally known as the United Nations Biodiversity Conference — concluded last Monday, Dec. 19, 2022, in Montreal, Canada. What came out of the two-week meet was dubbed as a “landmark biodiversity agreement” — the adoption of the Kunming-Montreal Global Biodiversity Framework (GBF).

The importance of this agreement couldn't be more stressed even though observers have noted the lack of public attention. The COP15, chaired by China and hosted by Canada, had gathered 188 governments who have agreed in principle on some steps to help avert the damage to biodiversity and aid in healing of the planet.

According to a statement from the United Nations Environment Programme (UNEP), the GBF aims to “address biodiversity loss, restore ecosystems, and protect indigenous rights.” The plan also includes “concrete measures” to “halt and reverse nature loss, including putting 30 percent of the planet and 30 percent of degraded ecosystems under protection by year 2030.” This was dubbed by the media as the “30 by 30 goal.”

“The stakes could not be higher: the planet is experiencing a dangerous decline in nature as a result of human activity. It is experiencing its largest loss of life since the dinosaurs. One million plant and animal species are now threatened with extinction, many within decades,” said the UN statement.

To be clear and actionable, the GBF consists of four overarching global goals to protect nature, including: halting human-induced extinction of threatened species and reducing the rate of extinction of all species tenfold by 2050; sustainable use and management of biodiversity to ensure that nature's contributions to people are valued, maintained, and enhanced; fair sharing of the benefits from the utilization of genetic resources, and digital sequence information on genetic resources; and that adequate means of imple-

menting the GBF be accessible to all parties, particularly least developed countries, and small island developing states.

“Success will be measured by our rapid and consistent progress in implementing what we have agreed to. The entire UN system is geared to support its implementation so we can truly make peace with nature,” said UNEP executive director Inger Andersen.

To ensure accountability and fulfillment of goals, the GBF has 23 “targets” to achieve by 2030. Among the 23 targets that will matter to our country include “restoration of 30 percent of terrestrial and marine ecosystems;” “reduce to near zero the loss of areas of high biodiversity importance;” “halving global food waste;” among others.

What is important for us to also know is that during COP15, discussions were made on how much money developed countries will send to

developing countries to address biodiversity loss. “It was requested that a Global Environment Facility set up a special trust fund (GBP Fund) to support the implementation of the GBF, in order to ensure an adequate, predictable, and timely flow of funds.” The approved text showed that rich countries will provide “at least US\$20 billion per year by 2025... and at least US\$30 billion per year by 2030,” which is approximately double, and then triple the current international aid for biodiversity.

This GBF agreement may not be noticed by most Filipinos, but there is one thing that everyone of us should know — the Philippines is one of the world's top biodiversity hotspots, and we are, sadly, putting our biodiversity at so much risk. The world is starting to do something about this but it would not be complete without our cooperation, empathy, and understanding.

THYROID OR GOITER PAIN

The thyroid gland is located on the front of our neck. This is next to Adam's apple, that bone in the middle of our neck. The thyroid gland is in the shape of a butterfly and is usually invisible or covered. The thyroid gland controls the movement of organs in our body.

When our thyroid gland grows, it is called goiter or boso. Hyperthyroid is often found in women. Actually 12.5% of women will have thyroid.

There are two possible diseases for the thyroid gland: hyperthyroid (over thyroid hormones) or hypothyroid (lack thyroid hormones).

Hyperthyroid: Moving Fast

When the patient is hyperthyroid, his metabolism speeds up. Heart beats fast, nervous, always sweating, always hot, and defecating. When it's so bad their eyes also shed tears. This is dangerous if left untimely.

To know if you have hyperthyroid, have Free T3, Free T4 and TSH checked. This costs P800 in a cheap lab. If T3 and T4 levels are high, it means the patient is hyperthyroid.

Hyperthyroid is easy to cure. They are given Methimazole (brand name Tapazole) 5 mg, from 2 to 4 tablets throughout the day. Taking the medicine for about 1 year or more. Consult an endocrinologist or thyroid specialist.

Hypothyroid: Slow Motion

On the other hand, there are hypothyroid patients. What they feel is the opposite. Their heart beats slow and they're always cold. They also act and think slow because they lack thyroid hormones. In hypothyroid patients, their T3 and T4 levels are low.

**DOKTOR
 NG MASA**

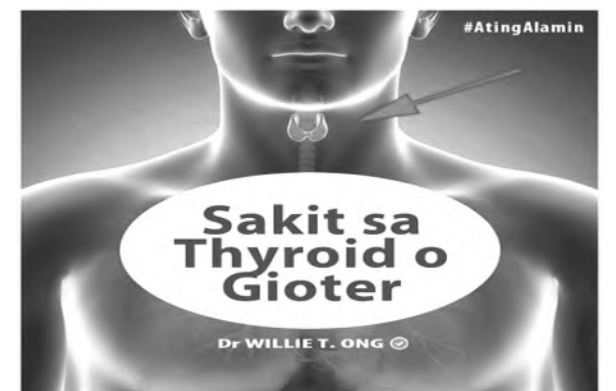

ni Dr. Willie Ong

The treatment for hypothyroidism is simple. They will just take Levothyroxine (Brand name Eltroxin) which fills a deficient thyroid gland. Levothyroxine is usually taken for lifetime.

Although hyperthyroid and hypothyroidism are easy to treat, the problem is that it is very difficult for a doctor to discover. Symptoms are different and mistaken for a different disease.

So my advice: get your Free T3, Free T4 and TSH checked. You might have thyroid disease. Good luck!

No. 16 Edades St., Phase 5, Brgy. Molino V, Bacoor City,
Cavite, Philippines 4102

GREETINGS:

A Complaint was filed in this Court which avers that:

COMES NOW the plaintiff, by undersigned counsel, unto this Honorable Court, most respectfully alleges:

1. That plaintiff **CONCEPCION A. DESPABILADERAS**, being assisted in this case by her husband, Jose L. Despabiladeras, is of legal age, Filipino citizen and resident of No. 44 Diwa St., Phase 2B, Bahayang Pag-asa Subdivision, Brgy. Molino V, Bacoor City, Cavite, Philippines 4102; while defendants Spouses **BENCIO C. CAÑETE** and **MARIDEL G. CAÑETE** are both of legal age, Filipino citizens and residents of No. 16 Edades St., Phase 5, Brgy. Molino V, Bacoor City, Cavite, Philippines 4102, where they may be served summons and other court processes;

2. That on June 7, 2013, the plaintiff earlier filed a case similar as in this case ("Judicial Foreclosure of Real Estate Mortgage") before the Honorable Regional Trial Court, Branch 20, Imus City, Cavite, however, on the erroneous assumption that the subject property is in Dasmariñas City, Cavite (but in truth, it is located in Imus City, Cavite), the case was remanded, per ORDER (Annex "A") dated January 28, 2014, to the Honorable Regional Trial Court, Branch 90 of Dasmariñas City (then sitting at Imus City), Cavite, but the latter Court dismissed the case "without prejudice" in the ORDER (Annex "B") of July 3, 2015; that while plaintiff moved for reconsideration to reinstate the case, this was not acted upon for so long a time, prompting the plaintiff to eventually file on March 2, 2020 an "Urgent Ex-parte Motion to Withdraw all Pending Motions" (Annex "C"), making the dismissal without prejudice already final;

3. That as facts for this case, on October 13, 2011, defendant **MARIDEL G. CAÑETE**, as the debtor/mortgagor, in order to secure the payment of the principal sum of PESOS: SEVEN HUNDRED THREE THOUSAND (P703,000.00), Philippine Currency, that she obtained on October 5, 2011 by way of loan with 10% monthly interest provision (modified subsequently to 15% p.a.) granted by plaintiff **CONCEPCION A. DESPABILADERAS**, as the creditor/mortgagee, executed in favor of said plaintiff a "DEED OF REAL ESTATE MORTGAGE" (Annex "D"), with authority of defendant **BENCIO C. CAÑETE**, who executed a Special Power of Attorney in favor of his wife (Annex "E");

4. That by virtue of aforesaid deed, the debtor/mortgagor/defendant has mortgaged in favor of the creditor/mortgagee/plaintiff the real property therein described, together with the improvements that may be existing thereon, situated at Lots 3 & 4, Block 2, Covina Subdivision, Brgy. Tanzang Luma, Imus City, Cavite, Philippines, and covered by T.C.T. No. T-1174758 (Bk. 5922; Pg. 58) and T.C.T. No. T-1201234 (Bk. 6055; Pg. 134), both of the Register of Deeds for the Province of Cavite (Annexes "F" and "G");

5. That said mortgage was duly registered with the Register of Deeds for the Province of Cavite and duly annotated on the titles as Entry No. 2013017870 on April 17, 2013 (Annexes "F-1" and "G-1");

6. That up to the present and despite formal demand (Annex "H", with Sub-Annexes "H-1", "H-2", "H-3", "H-4" and "H-5"), the debtor/mortgagor/defendant has not paid any amount whether applicable to the principal obligation and/or to the other obligations arising therefrom; that in addition to the principal obligation and accrued interests due at the rate of 10% per month since October 5, 2011 (modified to 15% p.a.), the debtor/mortgagor/defendant is also bound to indemnify the creditor/mortgagee/plaintiff for attorney's fees at 25% of amount due should the mortgage be referred to a lawyer for collection or foreclosure;

7. That the condition of the mortgage, stated in the aforementioned DEED OF REAL ESTATE MORTGAGE, is such that "if the MORTGAGOR, her heirs and/or assigns, shall well and truly pay and perform the obligations above stated according to the precise terms thereof, then this MORTGAGE shall be rendered NULL AND VOID; otherwise, it shall remain in full force and effect, and shall be enforceable in the manner provided for by law, including the endorsement of this instrument for judicial or extrajudicial foreclosure"; however, in view of lack of special power of attorney conferred on creditor/mortgagee to undertake extrajudicial foreclosure, the plaintiff has opted to initiate this action for judicial foreclosure;

8. That the parties being of the same barangay (Barangay Molino V, Bacoor City, Cavite), the plaintiff filed a complaint with barangay the office against the defendants for estafa, collection and/or foreclosure, however, the conciliatory proceedings prove futile; thus, the Lupong Tagapamayapa issued the "Certificate to File Action" (Annex "I");

9. That herein creditor/mortgagee/plaintiff is not aware of any other person having or claiming any right or interest in the mortgaged property subordinate to that of said creditor/mortgagee/plaintiff;

10. That the witness to be presented is plaintiff herself, and her intended testimony and supporting evidence are the following:

-PRAYER -

WHEREFORE, premises considered, herein creditor/mortgagee/plaintiff humbly begs of this Honorable Court that, upon due notice and hearing, judgment rendered: (a) ordering the debtor/mortgagor/defendant to pay unto the Honorable Court within the reglementary period the principal sum of P703,000.00 together with interest at modified rate of 15% per annum from and after October 5, 2011, plus additional sums to cover attorney's fees (reduced to 100,000.00) and litigation costs and expenses; and (b) in default of such payment, the above-mentioned mortgaged property be ordered sold to pay off the mortgage debt and the accumulated interests plus attorney's fees (at reduced amount of 100,000.00) and litigation costs and expenses.

ORDER

For consideration is the Urgent Motion for Leave to Effect Service of Summons by Publication, filed by plaintiffs, through counsel, and received on October 10, 2022. In support of the motion, plaintiffs cited the Sheriff's Return of Summons (Personal Service), dated 15 August 2022, issued by Sheriff IV Mhinard Santos, stating that the summons served at the defendants'

who all gave inspirational messages. Mr. Noceda mentioned the delivery of interventions to people ravaged by Typhoon Paeng, as well as the assistance that they can provide to the attendees in terms of DA accreditation as civil society organization. He then reminded everyone not to give up despite the difficulties and obstacles that come their way.

Meanwhile, Dr. Magno wished a bountiful produce and income for the agriculture sector. She then stated that because of the pan-

demio, people were able to see more of the importance of agriculture.

The celebration served as an opportunity to highlight variety of goods and produce of farmers, entrepreneurs, and exhibitors from the cities and municipalities of Cavite. Additionally, it highlighted the "Search for PINAKA 2022" that featured farmers' best product. Also present in the event was Mr. Alvin S. Mojica, Provincial Administrator for Community Affairs, who visited the booths of the exhibitors. (PICAD)

PGCEA holds general assembly. On December 13, 2022, Provincial Government of Cavite Employees' Association successfully held its first general assembly at the Provincial Capitol Grounds, Trece Martires City spearheaded by its interim officers. During the assembly, PGCEA updates were reported to the body. Likewise, the association's Constitution and By-laws was ratified. Upcoming activities were announced including the filing of candidacy and election of new officers. (PICAD)

address was unserved, for the reason that no one was at home to receive it. They also stated that they could not obtain the address of defendants, despite their efforts.

Considering that the defendants could not be served with summons at their known address and their current whereabouts are unknown, despite efforts made to find them, then the following provisions of Rule 14 of the Rules of Court find application, thus:

Section 16. Service upon defendant whose identity or whereabouts are unknown. - In any action where the defendant is designated as an unknown owner, or the like, or whenever his or her whereabouts are unknown and cannot be ascertained by diligent inquiry, within ninety (90) calendar days from the commencement of the action, service may, by leave of court, be effected upon him or her by publication in a newspaper of general circulation and in such places and for such time as the court may order.

Any order granting such leave shall specify a reasonable time, which shall not be less than sixty (60) calendar days after notice, within which the defendant must answer. (14)

Section 22. Proof of service by publication. - If the service has been made by publication, service may be proved by the affidavit of the publisher, editor, business or advertising manager, to which affidavit a copy of the publication shall be attached and by an affidavit showing the deposit of a copy of the summons and order for publication in the post office, postage prepaid, directed to the defendant by registered mail to his or her last known address. (19)

The defendants may thus, be served summons, in the manner abovedescribed.

WHEREFORE, premises considered, let the attached Summons (by Publication) be published once a week for three (3) consecutive weeks in a newspaper of general circulation, as may be chosen by raffle. The movant is further directed to comply with Section 22, Rule 16 of the Rules of Court, on the deposit of copy of Summons and order of publication with the post office.

Defendant **Spouses Bencio C. Cañete and Maridel G. Cañete** are directed to file an Answer, within sixty (60) calendar days after the service of Summons in the manner abovedescribed.

SO ORDERED.

"And to see the rapidity of the passage is significant because it means that this budget, the roadmap that we have proposed from the Executive, is fully supported by our legislature. And that is very, very important indeed," Marcos said.

"Because it is what is essentially or sometimes regarded as a long, difficult, long-drawn-out process... shown to still be able to express that kind of support, that kind of solidarity with the Executive," the President said.

The government, Marcos said, has listed its plans for next year and it is now slowly moving toward realizing its goals such as carrying out all the needed structural changes.

The signing into law of the General Appropriations Act is important because it will provide the government with a tool to transform the economy, the chief executive noted.

"It is always very important that the GAA has been put together in consonance with all of the plans of the Executive. And that kind of coordination and that kind of synergy that we will gain from that is going to be an essential part of the way that we move forward," Marcos said.

The President expressed his gratitude to the members of the legislature and all those who worked hard for the passage of the 2023 national budget.

According to President

Marcos, the legislature has been very cooperative in making amendments that were necessary in terms of investment as well as financial policy.

"All of these elements that are important for us to position ourselves in the new --- I nearly said

new society --- in the new economy after the pandemic," Marcos said.

The President also thanked the Department of Budget and Management (DBM) for its efforts in passing the government spending program for next year.

minimizing production cost.

The trays are made of aluminum which is a good conductor of heat, a critical factor in drying grains. Through the use of Portasol, drying is achieved 50-75% faster. A unit of portasol has 12 trays which can load at least ¼ cavan or approximately 12-13 kilogram of palay, fish and fruits per tray.

Traditionally, farmers and food processors dry rice grains, fish and fruits on the road and pavements thereby incurring post-harvest losses and contaminations. As a solution to that, Filipino inventor Francisco Pagayon of the Filipino Inventors Society Inc. invented PORTASOL, a multipurpose solar dryer that is stackable, clean, and space-efficient and is

specifically designed to reduce the moisture content of large volumes of produce.

The project is implemented under the CEST or Community Empowerment through Science and Technology program of the DOST with a total funding assistance of 1.825 Million. **(Nice Nerjay Callo/DOST Camiguin)**

Christmas a time

from
page 1

Bishop Pablo Virgilio David of Kalookan, CBCP president, said that synodality is an invitation to walk together and to journey united in Jesus as his disciples did.

"Christmas is really about God who has been journeying with us so that we learn to journey with one another," Bishop Pablo Virgilio David of Kalookan, CBCP President, said.

He hinted that most parishes all over the country will be adopting synodality as the main running theme for the Simbang Gabi, or nine days of dawn Masses to prepare for Christmas Day.

According to him, synodality "has to do with promoting communion

within the Church as well as greater participation towards mission, and our dream is missioning Church.

"And we hope that through these nine novena Masses, our priests will be able to impart the message, the Good News of synodality, of communion, participation and mission," David added.

CBCP Vice President Bishop Mylo Hubert Vergara of Pasig, for his part, acknowledged that the message of synodality remains "a challenge for all of us".

But the bishop stressed an important virtue so that listening, dialoguing, and walking together could be attained.

"And that is humility," Vergara said.

GEMINI (May 21-June 20) - Sumisikat din ang liwanag ng araw kahit panahon ng tag-ulan. Ngayon, kahit marami kang problema, hindi pa rin maiwasan na ikaw ay kilalanin at mabigyan ng premyo dahil sa mga ipapakita mong galing at husay. Masuwerteng kulay-yellow. Tips sa lotto-4-18-21-26-38-42.

CANCER (June 21-July 22) - Tutukan mo ang iyong ginagawa. Hindi maganda para sa iyo ang maraming iniisip at marami ang gustong gawin. Kapag isa lang ang pinagkakaabalahan, bumibilis ang kaunlaran. Masuwerteng kulay-purple. Tips sa lotto-20-24-26-31-32-38.

LEO (July 23-Aug. 22) - Tulungan mo ang iyong sarili bago ka tumulong sa iba. Ito ang tunay na kahulugan ng sinasabing mahal in ang kapwa tulad ng pagmamahal sa sarili. Kumbaga, mahal in mo muna ang iyong sarili. Masuwerteng kulay-pink. Tips sa lotto-16-22-25-30-39-41.

VIRGO (Aug. 23-Sept. 22) - Pag-aralan mo ang pagkatao ng bawat makakaharap mo. Ibig sabihin, hindi ka puwedeng magtiwala agad sa kahit na sino kahit pa maganda ang ipinakikita niya sa iyo. Masuwerteng kulay-beige. Tips sa lotto-19-24-27-39-40-42.

SAGITTARIUS (Nov. 22-Dec. 21) - Hawak mo ang iyong kapalaran ngayon. Masayang balita ito, pero kailangan mo pa ring gabayan ang iyong sarili kung paano mo mas mapaganda ang iyong buhay. Masuwerteng kulay-violet. Tips sa lotto-2-10-15-17-25-35.

PISCES (Feb. 19-Mar. 20) - Magparaya ka dahil mas mapalad ang nagpaparaya kaysa sa hindi marunong magbigay sa kapwa. Natutuwa ang langit sa mapagparaya at kinagagalitan ang may ugaling makasarili at masama. Masuwerteng kulay-lilac. Tips sa lotto-15-20-23-27-39-41.

Did You Know?

SUDAN HAS THE MOST PYRAMIDS IN THE WORLD (NOT EGYPT)

Egypt and pyramids are almost synonymous, but did you know there are pyramids in Sudan too? Nubia, a region in Sudan, has 255 pyramids — twice the number in Egypt!

After ruling Egypt's 25th dynasty, the Nubian pharaohs fled to Sudan and formed the Kushite kingdom, incorporating the Egyptian culture in their new city.

The Nubian pyramids aren't as widely visited as those in Egypt. So chances are you'll have the pyramids all to yourself!

Jebel Barkal is the most rewarding out of the four main sites. The pyramids there are well-preserved and stand beside a small mountain. Climb up the mountain just before sunset to catch stunning views of the Nile!
