Focusing on building an innovation center for industrial investment and a top-notch international wealth management center in the Xiangmi Lake New Financial Center, the event highlighted the new identity of Xiangmi Lake Global VC/PE Zone: China's first CVC innovation service

park and wealth management cluster. At the event, the Shenzhen Municipal Bureau of Local Financial Regulation and Supervision issued a guideline to accelerate the building of the international wealth management center, aiming to manage over 30 trillion yuan (\$4.2 trillion)

worth of wealth by 2025. The People's Government of Futian District released opinions on supporting the new Xiangmi Lake Financial Center in building the core area for a top-notch international wealth management center.

Mt. Pico de Loro is now open to hikers

Popular hiking spot Mt. Pico De Loro found in the Palay-Palay-Mataas-na-Gulod protected landscape in Cavite province has started welcoming back hikers and mountaineers on January 12 or six years after it was closed down for rehabilitation.

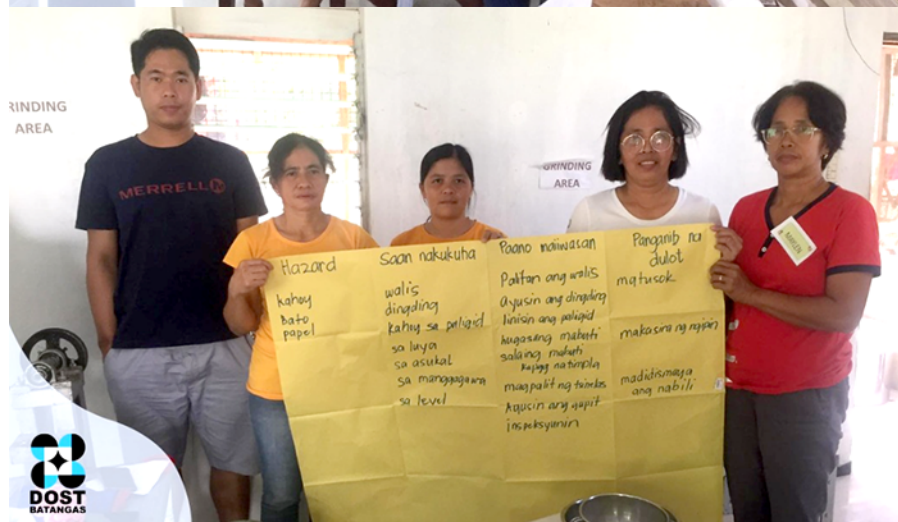

The Department of Environment and Natural Resource (DENR)-Calabarzon through its Protected Area Management Office (PAMO) earlier hosted a soft opening last December 21 and 22 and tested PAMO's personnel and tour guides in accommodating enthusiasts.

Cheonsa's Food Products strengthens food safety system implementation, undergoes seminar on cGMP, HACCP

Cheonsa's Food Products, a turmeric and ginger brew producer in Brgy. Maruclap, Batangas City, strengthened its food safety system implementation through a seminar on current Good Manufacturing Practices (cGMP) and Hazard Analysis Critical Control Point (HACCP), January 6 and 9, 2023.

Through the acquisition of a License to Operate (LTO) and Certification of Product Registration (CPR) from the Food and Drug Administration, the company has consistently ensured their compliance with food safety regulations (FDA). For them, customer safety is

a primary concern that must constantly be safeguarded. Thus, the seminar served as a venue for imparting knowledge on the HACCP system and cGMP requirements to the company's employees. It also covered the significance and advantages of implementing

GMP and HACCP in their food business, compliance with the requirements of the Food Safety Act of 2013 (RA 10611), the 12-step procedure for developing HACCP plans, and the seven HACCP principles.
