'Child-friendly' LGUs recognized for effective child welfare, protection initiatives

CARMONA CITY, Cavite (PIA) – Local government units should remain vigilant in ensuring the safety of children and creating a community that will protect them from all kinds of abuse, a town mayor stressed during a recognition ceremony for the Seal of Child-Friendly Local Governance (SCFLG).

The Council for the Welfare of Children (CWC), along with the Department of the Interior and Local Government (DILG) IV-A and the Department of Social Welfare and Employment (DSWD) IV-A, recognized 63 LGUs in Calabarzon during the 2022 SCFLG awarding ceremony on April 4, for their exemplary performance in enacting programs and policies aimed at protecting children from abuse.

DOST, OCD, Mambajao join forces in Disaster Management CapDev

For a resilient Mambajao, the Department of Science and Technology, Office of the Civil Defense (OCD) and the local government unit of Mambajao organize a three-day capacity building for disaster management, and the basic incident command system (ICS) focused on the emergency operations center (EOC).

The three-day training occurred in the Operations Center Building in Mambajao, Camiguin held recently. The training is a response to the integration of the Mobile Command and Control Vehicle (MoCCoV) into the Municipality's disaster management.

One of the trainers, Ms. Raquel Ranara, emphasized the importance of the training for disaster preparedness and resilience which allows better anticipation and better planning to reduce disaster losses.

"We need to train and capacitate stakeholders to understand DOST, OCD • 6

Cavite Career Caravan at Robinsons Place, City of Imus

The Cavite Career Caravan, held on April 5, 2024, at Robinson Place in the City of Imus, exemplified a joint endeavor led by the Office of the Provincial Public Employment Service Manager (OPPESM), headed by Ms. Rizalie P. Enero, in conjunction with the Provincial Sangguniang Kabataan Federation, under the leadership of Hon. Chelsea Jillian Sarno, and the local government of the City of Imus.

SM PRIME EMBARKS ON A UNIFIED WASTE MANAGEMENT PROGRAM FOR AN #SMWasteFreeFuture

MANILA – SM Prime Holdings, Inc. (SM Prime), one of the leading integrated property developers in Southeast Asia, is embarking on a unified waste management and segregation campaign in response to the growing global crises on waste. SM Prime aims to bring all its property groups and stakeholders toward an #SMWasteFreeFuture.

The largest haul and biggest participation to-date: The 38th International Coastal Clean-up had 17,000 volunteers across 15 SM Malls in 12 locations nationwide. It is an annual community-driven partnership between SM Supermalls, SM Cares, the DENR, LGU's and the volunteers from the SM community.

According to the United Nations Environment Programme (UNEP), humanity generates more than 2 billion tons of municipal solid waste annually, of which 45 percent is mismanaged. Without urgent action, municipal solid waste will double to almost 4 billion tons each year by 2050. On December 14, 2022, the United Nations General Assembly proclaimed March 30 as the International Day of Zero Waste.

The following year, UNEP inaugurated the First International Day of Zero Waste, to bolster actions to address the global pollution crisis. It aims to encourage global action and bring the world's attention to zero waste.

Strong foundations

SM Prime's founding leader, Henry Sy, believed

that "business growth and social development must go hand in hand." The company follows this guiding principle and has formed a sustainability policy that commits to the following: Resource Conservation and Efficiency, Disaster Resilience, Climate Advocacy, Social Integration, and Transparent Reporting.

Anchored on these sustainability commitments are the SM Supermalls' Environmental Programs on Waste Management. Through its corporate social responsibility arm, SM Cares, SM Supermalls has pioneered longstanding programs such as the Trash to Cash recycling market, and provided support to the annual International Coastal Clean Up, among other national events.

In the hotel and tour-

ism sector, SM Hotels and Conventions Corporation (SMHCC) has taken the lead in mitigating global food waste by implementing sustainable initiatives across its properties in the Philippines. Their key initiatives include the World Wide Fund for Nature's Sustainable Diner Program, that aims to transform and help the food service sector minimize its impact on the environment thru resource efficiency, plastic refusal and food waste management and contribute to the world's future food security.

To support these programs, SM Prime also recently unveiled its waste-to-fuel partnership with GUUN Co. Ltd. (GUNN) to implement the Japanese technique of reducing landfill impact. The technology converts non-recyclable and hard-

to-recycle packaging into alternative fuel.

A Vision for an #SMWasteFreeFuture

To mark the International Day of Zero Waste on March 30, 2024, SM Prime is releasing its vision for an #SMWasteFreeFuture. "As a community, we strongly believe in our ability to contribute to solving today's waste issues," said Hans "Chico" Sy, Jr., President of SM Engineering Design and Development Corporation (SMEDD) and SM sustainability champion.

SM Prime's announcement of its vision of an #SMWasteFreeFuture demonstrates the company's strong commitment and sustainability stewardship, by inviting its stakeholders to engage in activities that will help spread zero-waste awareness and work for a sustainable and environmentally responsible approach on waste management.

"We understand that this may seem like a daunting challenge to overcome. However, by

joining forces, we can create a world that our future generations truly deserve – if we have the courage to take on this journey together," said Sy.

SM Prime remains committed to its role as a catalyst for economic growth, delivering innovative and sustainable lifestyle cities, thereby enriching the quality of life of millions of people. SM Prime is pursuing the next horizon on integrated property development and onward to building sustainable cities of the future.

DOST Rizal Food Safety Team conducts GMP Training-Workshop for RIMASA

The Department of Science and Technology (DOST) through its Provincial Science and Technology Office (PSTO) Rizal conducted the Good Manufacturing Practices (GMP) training-workshop for the Rizal Mango Stakeholders Association (RIMASA) held recent at the Brgy. Plaza Aldea, Tanay, Rizal.

The Rizal Food Safety Team (FST), comprised of various national government agencies (NGAs) at the provincial level from the Department of Trade and Industry (DTI) and Department of Labor and Employment (DOLE), was tapped as the resource speakers for the said training-workshop.

Ms. Jennefer Jeazon Medina, Science Research Specialist II of DOST Rizal and master of ceremonies led the commencement of the program with an opening prayer. She reminded the participants of the proposed flow of lectures and activities to be accomplished within the two-day training. A pre-test was conducted to assess the prior knowledge of the participants about the topics to be covered.

The first speaker, Mr. R-jay M. Salabao, Project Technical Assistant I of DOST Rizal, discussed about basic food hygiene and a briefer on the GMP. He ended his presentation introducing one type of food safety hazards—biological hazards. Next, Ms. Duane Mariel S. Juarez, Project Technical Aide I of DOST Rizal, continued the discussion on food safety hazards, specifically on the chemical and physical hazards. To cap the first day lectures, Ms. Kyle Christine Pascual, Trade and Industry Development Specialist of DTI Rizal, discussed on the topic of cross con-

tamination.

The participants immersed on their first day group activity, wherein they were able to determine the contaminants and hazards to address the risks and identify preventive measures to avoid such risks from happening. They also participated in another activity which demonstrated the proper handwashing techniques.

The Rizal FST started the second day of the training-workshop by facilitating an interactive game to provide a quick recap of the Day 1 activities. Then, the participants shared their inputs and insights on cross contamination through the second group activity presentation of outputs.

To resume with the lectures, Ms. Niña Sherylle Giron, Supervising Science Research Specialist of DOST Rizal, conducted a plant layout audit to assess the association's GMP compliance. Mr. Salabao also shared his knowledge on pest control, while Ms. Pascual continued her discussion

on the food contact surfaces and raw materials handling. To conclude, Ms. Janine Rivera, Labor and Employment Office II of DOLE Rizal talked about food preparation and personnel hygiene.

Finally, the participants addressed their inquiries through an engaging Q&A and expressed their gratitude to the prompt response on their requested training. A photo opportunity was taken capping the training-workshop.

RIMASA is one of the beneficiaries of the Community Empowerment thru Science and Technology (CEST) Program of DOST. Through DOST's intervention, they were able to process their products, particularly mangoes. Their processing facility is able to produce mango products ranging from dried mangoes, mango juice, and mango wine. The training-workshop was conducted to address the necessary actions to acquire their FDA-License to Operate (LTO). **(By Arthea Marie M. Genova)**

Closing the loop: SMHCC's sustainability efforts are anchored on the 7Gs or Seven Green Goals, based on the United Nations Sustainable Development Goals (UNSDG). The overall thrust for sustainability is cascaded to the rest of properties, ensuring that it is embedded at every step of the hotel's operations, ensured by property Sustainability Champions.

Editorial

Inflation hits poorest households; rising rice, food prices must be checked

Inflation in March increased by 3.7 percent last week, up from 3.3 percent in February, the Philippine Statistics Authority (PSA) reported last April 5. According to a summary table prepared by the Presidential Communications Office, rice accounts for 2.2 percent or 59 percent of this increase.

Inflation reduces purchasing power, a reality that hits poorer households harder than it affects those in higher-income brackets.

Here's a more detailed analysis from the PSA on the impact of inflation on the bottom 30 percent of all households: "The uptrend in the food inflation was mainly due to the slower annual decrease in vegetables, tubers, plantains, cooking bananas and pulses at 5.4 percent during the month from 11.7 percent annual decrease in the February 2024. In addition, faster year-on-year increases were observed in the indices of cereals and cereal products, which includes rice, corn, flour, bread and other bakery products, pasta products, and other cereals, at 19.8 percent in March 2024 from 18.9 percent in the previous month, and meat and other parts of slaughtered land animals at 1.9 percent from 0.9 percent."

The year-on-year price of rice has increased by 24.4 percent, the fastest rate of increase since 2009, a period covering the Aquino III, Duterte and Marcos, Jr. administrations. The PSA has flagged that "since (the) price base for rice between January and July last year was lower, any increase in the price of the national staple could be magnified in the inflation print."

Agriculture Secretary Francisco Tiu Laurel expects that "prices may stay elevated through September this year, due to concerns over El Niño's impact on global rice supply and heightened demand for the grain that, consequently, is keeping inter-

national prices high."

He has assured, however, that the country's rice supply is sufficient, such that relative price stability is realistically attainable. He cited the recent signing of a five-year rice supply agreement with Vietnam and the possibility of forging a similar arrangement with India. Nevertheless, he has warned against profiteers who might take advantage of the El Niño situation to hoard rice supply and create artificial price increases.

According to the PSA: "Rice has a weight of 8.87 percent in the consumer basket used to determine headline inflation and an even higher at 17.87 percent share in the spending of the bottom 30 percent of income households.

Pulse Asia's March 2024 survey reports that inflation is the Filipinos' top and most urgent concern, according to 70 percent of all respondents.

This has been the prevailing sentiment since a similar survey was conducted last December 2023. Clearly, this has been brought on by the continuing increases in the prices of rice and other staple food items, that reduces the overall purchasing power of those who are struggling in the bottom rung of the economic pyramid.

Government is expected to provide them with social safety nets, and to enable them to live more comfortably — assured of sufficiency in their basic, day-to-day needs.

Halaman Sa Loob Ng Bahay

Problema ngayon ang polusyon sa hangin. Napakaraming sakit ang makukuha sa polusyon tulad ng hika, pulmonya, ubo, sakit sa puso at istrok.

Isang paraan para mabawasan ang polusyon ay ang pag-alaga ng mga halaman (house plants). May benepisyo pa ang mga halamang ito sa ating kalusugan:

1. Ang mga halaman ay nagbibigay ng oxygen at nagtatanggal ng carbon dioxide sa paligid. Kabaligtaran ito sa tao na nangangailangan ng oxygen at naglalabas ng carbon dioxide.

2. Ayon sa isang pagsusuri ng NASA, inaalís ng house plants ang toxins sa ating kapaligiran. Ito ay ang mga VOCs o volatile organic compounds na galing sa pintura, mga coating at refrigerator. Mababawasan din ang carbon monoxide mula sa kotse.

3. Makaiwas tayo sa trangkaso at ubo. Ayon sa pag-aaral ng University of Agriculture sa Norway, ang pag-alaga ng house plants ay nakababawas sa pagod, ubo, sipon at sore throats ng 30%. Ito'y dahil sa pag-alís ng alikabok sa paligid.

4. Natural humidifier ang mga house plants. Pinapataas nito ang humidity (o tubig) sa hangin dahil hinihigop ng ugat ng halaman ang tubig at nag-evaporate mula sa dahon. Kapag mataas ang humidity, mas hindi tayo tatamaan ng mga impeksyon.

5. Kapag may alaga kang house plants, ika'y magiging mas masaya at mas positibo ang pananaw

sa buhay.

6. Natuklasan sa pagsusuri na mas gumaganda ang trabaho ng mga empleyado sa opisina kapag may nakikitang halaman sa paligid.

7. Mas gaganda at hihimbing ang iyong tulog.

8. Ang halaman sa loob at labas ng bahay natin ang ating panlaban sa init ng panahon at global warming. Ang temperatura sa ilalim ng puno ay mas mababa ng 1 degree kumpara sa ibang lugar.

9. Para maging mas epektibo ang iyong mga house plants, piliin ang malalaking house plants na 6 to 8 inches ang lapad. Ang mga bamboo plants ay napakaganda dahil nagbibigay ito ng 10 doble na dami ng oxygen kumpara sa ibang mga halaman.

Tandaan lamang na dapat palitan ang tubig ng halaman bawat linggo. Ito'y para hindi pamugaran ng kiti-ki na puwedeng magdulot ng dengue. Pero sa kabuuan, may benepisyo ang pag-aalaga ng halaman sa loob ng bahay. Subukan niyo ito.

Child-Friendly

from page 1

The 2022 SCFLG assessed all 142 local government units in the Calabarzon region through the following indicators categorized under the four categories of children's rights: survival, development, protection and participation, and governance. In a message of support, Agoncillo, Batangas Mayor Cinderella Valenton Reyes said local government units must protect the rights of children and not make compromises on cases of child abuse. "The law dictates that we cannot make compromises in cases of child abuse. We, as elected officials, have to take a stand. We cannot make compromises on cases like these," Reyes

said. The local chief executive believes that local leaders have a moral obligation to be an instrument for the welfare and development of children. "We are all tasked by our Lord and the law to be vigilant and protect our youth. When the time comes, it is very difficult for a victim to find their voice and ultimately speak out against the abuse inflicted upon them," Reyes added. Agoncillo is one of the 11 cities and municipalities in Batangas Province that received the 2022 SCFLG. They are joined by 13 LGUs in Laguna, 10 in Rizal Province, and 15 in Quezon Province. SSCP

from
 page 8

the DOST-Undersecretary for Regional Operations, Engr. Sancho A. Maborang. It embodies a people-centric, technology-driven strategy aimed at fostering the growth and transformation of communities across the country.

The initiative also aims for a smarter, more resilient, and inclusive society while harnessing the potential of science, technology, and innovation (STI). Aligned with the current administration's eight-point or socio-economic agenda, the DOST has realigned its major programs to prioritize regional development, digital transformation, and the establishment of smart and sustainable communities.

Guided by the DOST-Regional Operations framework, the program aims to enhance collaboration, cooperation, and complementation among regional and provincial offices, in line with the United Nations Sustainable Development Goals (SDG), the 17 SDGs, and Pagtanaw 2050.

The SSCP's vision extends beyond mere technological advancements as it calls for a digital transformation towards smarter governance, industries, jobs, healthcare, and more in line with the Philippine Development Plan's goals of technology adaption,

utilization, commercialization, and entrepreneurship acceleration.

Santos cited the importance of partnerships in overcoming challenges and driving success. She also emphasized the collaborative efforts between the DOST and key stakeholders including national government agencies (NGAs), local government agencies (LGUs), academic and research institutions, NGOs, CSOs, media, MSMEs, and all relevant stakeholders.

Looking ahead, Santos highlighted the upcoming iSCENE 2024, hosted by Region 2, as an opportunity for government leaders, industries, innovators, and academic institutions to converge and explore opportunities for collaboration and innovation.

This is set to take place on April 11-13, 2024, at the Isabela Convention Center, Cauayan City, Isabela. This event promises networking engagements, forums, and the launch of smart projects, with the participation from international organizations such as the World Bank and UNIDO.

In closing, Ms. Santos emphasized that being a smart city or community lies on how the technologies are utilized to provide better services to improve the quality of life of the people. **(Christian Dominic Casimiro)**

Child-Friendly

stands with the 14 LGUs in Cavite province to receive the award, having achieved a perfect score of 100 points in the 2022 audit.

Cavite 5th District Representative and former Carmona Mayor Roy Loyola commits to advance child causes in his constituency.

Over the years, we have worked tirelessly to create an environment where children can go and realize their potential. We have strived to enable young people to take charge of their own lives, make informed decisions, and be engaged in the processes that affect them," the lawmaker declared.

Mylah Gatchalian, as-

sistant regional director for operations of DSWD IV-A, emphasized that towns and cities that are considered "child-friendly" always include children in their programs, legislation, and services.

"Great leaders who tirelessly create vibrant spaces emphasizing inclusivity and ensuring children of all abilities can participate.

Leaders who are champions of child-friendly local governance, giving priority to children in planning, budgeting, legislation, and delivery of services to assure that the rights of a child are realized," Gatchalian said. **(PB/PIA-4A)**

DOST, OCD from page 1

what we will do in times of disasters and incidents", she said.

An Emergency Operations Center (EOC) is a physical location where key stakeholders and agencies involved in a disaster response gather to share information, plan strategies, allocate resources, and monitor the situation. It can be activated at different levels such as local, regional, or national depending on the complexity of the disaster.

Ms. Marlyn Trozo, speaker from the Office of the Civil Defense highlighted in the training the features between an ICS and EOC. She said that there are differences and similarities between ICS and EOC, and both systems are interfaced.

"Both the ICS and EOC effectively complement each other by using the force-provider and force-employer relationship. The Incident Command System, as the force employer, is used to manage on-scene response while the Emergency Operations Center is the force providers that act as supporters to the Incident Management Team," she added.

Delegates from the LGU's Municipal Disaster Risk Reduction Management Office (MDRRMO), Philippine National Police (PNP), Bureau of Fire Protection (BFP), Department of Public Works and Highways (DPWH), Camiguin Electric Cooperative (CAMELCO), Philippine Coast Guard (PCG), and DOST - PSTO Camiguin attended the training with 36 total attendees.

The training course aimed to develop the knowledge, attitude, and

skills required in the effective operationalization and management of an EOC.

The facilitators highlighted the concepts, communication essentials, information management, and planning process and described the approaches to ensuring the readiness of the EOC.

Mayor of LGU Mambajao, Hon. Yñigo Jesus D. Romualdo, in his speech, pointed out the importance of leveraging modern technology for organized, efficient, and fast disaster management.

"I want to maximize the use of technology where every information is centralized into one system to make an organized and fast response to an incident," he said. He also stressed the significance of the training for all personnel to be well-versed in their work.

Congressman Jurdin Jesus M. Romualdo agrees with the importance of operations and communications in the island. In his speech, "We are an island, we need to prioritize communications especially the internet to support the operations in the occurrence of a disaster," he further emphasized the need for communication in times of disaster.

Moreover, the training featured the importance of integrating technology in enhancing disaster management and response. Technology enables effective communication during crises and enables collaboration and problem-solving in a before, during, and after a disaster. **(Engr. George Pio Aclan/ DOST-PSTO Camiguin)**

Cavite Career from page 1

The event saw the esteemed presence of Vice Mayor Homer "Saki" T. Saquilayan, alongside City Councilors Lloren Dionella "Yen" G. Saquilayan, Jojie Lyn L. Maliksi, Darwin Marti M. Remulla, Sherwin L. Comia, and SK Federation President Glian Ilagan, highlighting a collective dedication to supporting job seekers in Cavite.

The primary objective of this collaboration was to offer comprehensive assistance and opportunities to job seekers through career coaching. Participants were provided with the chance to engage with a diverse array of employers and government agencies, allowing them to gain valuable insights into different career fields and explore potential employment prospects.

Significant engagement was observed, with a total of 41 local companies and 2 overseas companies presenting job opportunities, thereby extending recruitment

possibilities to attendees. The event, which attracted 244 applicants, with 17 individuals securing immediate employment, underscored its importance in addressing the employment needs within the region.

Furthermore, representatives from national government agencies, including SSS, Pag-ibig, Philhealth, TESDA, PSA, BIR and NBI, were in attendance, providing essential information and assistance regarding government programs and services relevant to employment and social welfare.

The success of the Cavite Career Caravan was credited to the steadfast support and collaboration of all participating companies and government agencies. The Provincial Government of Cavite conveyed its sincere appreciation to all contributors for their commitment to empowering job seekers and nurturing economic growth and prosperity in Cavite. **(OPIO)**

DOST, LGU from page 8

of Tagoloan shared their expertise for the Basic Incident Command System Training. The event was participated by various representatives from LGU Mambajao, Philippine National Police, Bureau of Fire Protection, Philippine Coast Guard, DOST, and DPWH.

The three-day workshop conducted on February 7-9, 2024 was composed of a series of lectures, brainstorming, and simulations that explained to the attendees the basics, the organization, and the facilities of the ICS.

In her opening message, Ms. Raquel Ranara of MDRRMO - Mambajao, emphasized the importance of preparedness before a disaster occurs. "It is always better to be prepared in any event or case of any incident," she said.

The activity focused on training participants in handling unforeseen events, applying the management by objectives principle, and mastering essential resource management within an Incident Command System (ICS). Additionally, it aimed to enhance participants' comprehension of

considerations in incident and event planning, emphasizing the significance of transfer of command, demobilization, and close-out processes.

"An Incident Action Plan is very important in the execution of the rescue operations", said Mr. Patrick Callanta, speaker from the Office of the Civil Defense.

This event highlighted the commitment of the government to achieve disaster resilience by incorporating Incident Command Systems in the effective management of potential and actual disaster consequences in the Municipality of Mambajao.

DOST and LGU Mambajao has also recently conducted the Incident Command System (ICS) Executive Course also as part of the implementation of the MOCCOV project.

Upcoming training includes Emergency Operations Center Training, Integrated Planning on Incident Command System Training, Incident Command System Position Course, and All-Hazards Incident Management Team Training. **(Engr. George Pio G. Aclan/DOST 10)**

DOST Quezon, Provincial Government of Quezon, LGU Lucena, SLSU join iStart Stakeholders Analysis Workshop

The Department of Science and Technology-Quezon headed by Provincial Director Ms. Maria Esperanza E. Jawili with Ms. Sydney Mae G. Tadiosa, Science Research Specialist, alongside representative from the Office of the Provincial Government of Quezon, Ms. Monina Talaga, Project Development Officer IV and Research and Statistics Division Head, representative from the Local Government Unit of Lucena City, Ms. Julieta B. Aparicio, Office of Municipal Planning and Development Coordinator, and representatives from Southern Luzon State University, Mr. Jefferson L. Abris, Intellectual Property Management Specialist and Mr. Giehway R. Liwanag, Science Research Assistant actively participated in a two-day workshop titled "Regional Stake Holder Analysis" of the Innovation, Science, and Technology for Accelerating Regional Technology-Based Development (iSTART) Program conducted by DOST-CALABARZON, in partnership with the UPLB Department of Community and Environmental Resource Planning (DCERP).

The workshop aims to gain insights into the Science, Technology, and Innovation (STI) landscape and key concerns of the participating stakeholders. The program includes the needs identification and assessment, including an analysis of problems and programs about STI initiatives. Furthermore, data gathering for Innovation Ecosystem Mapping aimed to enhance the understanding of the region's innovation landscape. As a follow-up, participants were tasked with completing Knowledge, Attitudes, Practices, and Media Preferences Assessment of Stakeholders (KAP) and Social Network Analysis (SNA) survey forms. These surveys will provide valuable insights for refining ongoing project plans and understanding the dynamics of the innovation ecosystem. *(By Sydney Mae Tadiosa)*

Amid heat wave, municipality of Labo rallies 52 barangays to address the climate emergency

Camarines Norte, Philippines—The municipal government of Labo, Camarines Norte held a forum on the role of the local barangay units in addressing the climate emergency at the Labo Convention Center in Brgy. Bulhao, Labo this afternoon.

The forum was attended by officials from the 52 barangays of Labo, along with resource persons from the Philippine Movement for Climate Justice (PM CJ).

CamNorte is one of the 18 high-risk provinces identified by the Department of Environment and Natural Resources (DENR) in its National Adaptation Plan (NAP). These are provinces with "high exposure" to the effects of climate change, like extreme heat, rainfall, and flooding.

The CamNorte capital of Daet felt the immediate effects of the climate crisis on April 7-8 as the heat index peaked at 46°C, which falls in the danger zone declared by PAG-ASA.

"Nakakatakot na po ang nangyayari sa ating mundo, dito sa Pilipinas. Hindi mapagkakaila na tayo ay labis nang apektado nitong krisis sa klima, kagaya nitong heat wave at ng mga napakahabang panahon

ng tag-ulan na halos hindi na tayo makakilos," said CamNorte Mayor Severino Francisco.

Rafael Sarucam, president of the Camarines Norte Movement for Climate Justice and official of Brgy. Cabusay, declared the forum as an important step in prioritizing the welfare of the people of CamNorte and the environment. "Tungkulin nating pangalagaan ang kalikasan, kaya nakakatuwa na nagtipon-tipon tayo dito para sama-sama tayong humanap ng solusyon sa climate emergency."

The municipality has committed to transitioning to renewable energy (RE). According to Edwin Tesaluna, PM CJ's RE Expert, "Camarines Norte has a 3.6-gigawatt potential for RE due to its geography. Solar, wind, and geothermal are the most available options to the entire Bicol region, which would allow them to tap into a combined potential

of 10 Gigawatts."

Renewable energy will greatly reduce carbon emissions while empowering the local economy and livelihoods.

"More and more governments, local and international, are responding to the climate emergency as we approach the global warming limit of 1.5°C. We hope that Labo's initiatives encourage other local governments to act, too," said Ian Rivera, National Coordinator of PM CJ.

The forum is the first big move by the municipal government since its declaration of climate emergency on March 6, 2024. This was followed by Brgy. Cabusay of the same town on March 18, 2024.

Labo has committed to join the RE Investments Summit, which will be held in August 2024. The municipal government will also prepare its Renewable Energy Code. Barangay units are expected to draft plans based on action points raised in the forum.

- Respondent JENNIFER DONES-DELGADO is of legal age, married, Filipino and with residence at Block 19, Lot 4, Liwayway Homes Subdivision, Brgy. Anabu I-C, Imus City, Cavite, where she may be served with the notices, orders, judgment and processes of the court.

NATURE OF PETITION

7. This is a petition to correct the surname of the petitioner and insert his middle name in his Certificate of Live Birth under Rule 108 of the Rules of Court, to wit:

SECTION 1. Who may file petition.- Any person interested in any act, event, order or decree concerning the civil status of persons which has been recorded in the civil register, may file a verified petition for the cancellation or correction of any entry relating thereto, with the Court of First Instance of the province where the corresponding civil registry is located.

SEC. 2. Entries subject to cancellation or correction.- Upon

good and valid grounds, the following entries in the civil register may be cancelled or corrected: (a) births xxx

STATEMENT OF FACTS

- The petitioner was born on August 5, 1972 with the first name ROSSELLER and last name MALINIS with no middle name at Imus, Cavite from unmarried parents Cornelia Redolla Malinis and Alberto Donela Dones, as shown by his Certificate of Live Birth issued by the Philippine Statistics Authority (Annex "A").
- However, the petitioner has been using since birth the full name ROSSELLER MALINIS DONES, as shown by the following:
 - Petitioner's Certificate of Baptism showing his name as Rosseller Dones, his parents as Alberto Dones and Cornelia Malinis, his date of birth as August 5, 1972 and his date of baptism as May 13, 1973 issued on August 2, 2017 by Our Lady of the Pillar Cathedral Parish, Imus City, Cavite (Annex "B");
 - Petitioner's Certificate of Marriage showing his name as Rosseller Malinis Dones, his wife's name as Epifania Sayaman Comora, and his date of marriage on April 28, 1996 at the Iglesia Filipina Independiente located at Toolong II-A, Imus, Cavite (Annex "C");
 - Petitioner's first child's Certificate of Live Birth showing her child's name as Angelica Joyce Comora Dones, her date of birth on December 13, 1996, and petitioner's name as Rosseller M. Dones (Annex "D");
 - Petitioner's second child's Certificate of Live Birth showing his child's name as Tricia Micaella Comora Dones, her date of birth as November 1, 1999, and petitioner's name as Rosseller Malinis Dones (Annex "E");
 - Petitioner's third child's Certificate of Live Birth showing his child's name as Kyle Princess Comora Dones, her date of birth as April 29, 2002, and petitioner's name as Rosseller Malinis Dones (Annex "F");
 - Petitioner's fourth child's Certificate of Live Birth showing his child's name as Juliana Mariel Comora Dones, her date of birth as September 10, 2005, and petitioner's name as Rosseller Malinis Dones (Annex "G");
 - Petitioner's Elementary School Permanent Record (MEC Form 137-E) showing his name as Roseller Dones and his mother's name as Cornelia Malinis issued by the Anabu I Elementary School (Annex "H");
 - Petitioner's fifth child's Certificate of Live Birth showing his child's name as Keanna Faye Comora Dones, her date of birth as September 10, 2010, and petitioner's name as Rosseller Malinis Dones (Annex "I");
 - Petitioner's Driver's License No. DO6-21-009614 valid up to 2025/08/05 showing his name as Rosseller Malinis Dones (Annex "J");
 - Petitioner's Pambansang Pagkakakilanlan (Philippine Identification Card showing his name as Rosseller Malinis Dones (Annex "K");
 - Petitioner's PAG-IBIG Plus Loyalty Card showing his name as Rosseller M. Dones (Annex "L");
 - Petitioner's Unified Multi-Purpose ID Card with No. CRN-0033-3745553-2 showing his name as Rosseller Malinis Dones (Annex "M");
- Out of five (5) children, only the petitioner and her sister, herein respondent Jennifer Dones-Delgado, who was born on June 1, 1970, have the of surname Malinis in their Certificate of Live Birth with her sister also using the name Jennifer Malinis Dones since birth. His other three (3) siblings, however, are surnamed Dones in their Certificate of Live Birth, as shown by the following:
 - Certificate of Live Birth of herein LIBERTY MALINIS DONES-BARTE, who was born on November 12, 1963 (Annex "N");
 - Certificate of Live Birth of herein BERNEL MALINIS DONES, who was born on May 3, 1966 (Annex "O");
 - Certificate of Live Birth of herein NORMANDY MALINIS DONES, who was born on August 1, 1967 (Annex "P");
- Petitioner's father, Alberto D. Dones, died on October 5, 1975, as shown by his Certificate of Death issued by the PSA (Annex "Q") while his mother, Cornelia Redolla Malinis, died on February 28, 2018, as shown by her Certificate of Death issued by the Office of the Civil Registra, Imus City, Cavite (Annex "R").
- The Certificate of Live Birth of petitioner's fourth sibling, respondent JENNIFER DONES-DELGADO, is also attached as Annex "S".
- The petitioner beseeches the Honorable Court to correct his surname from Malinis to Dones and insert his middle name Malinis in his Certificate of Live Birth to conform with his public and private records and those of his wife and children.

PRAYER

WHEREFORE, premises considered, it is respectfully prayed of this Honorable Court to grant the instant Petition and direct the respondent Office of the City Civil Registrar of Imus, Cavite to correct his surname from "Malinis" to "Dones" and insert his middle name "Malinis" in his Certificate of Live Birth. Such other reliefs deemed just and equitable are also prayed for.

08 March 2024, Silang, Cavite for Imus City, Cavite.

SSCP, previews 2024 iSCENE to propel National Development

TO drive conversations around innovation and sustainable development, the Department of Science and Technology Regional Office I (DOST-1) collaborated with DZAG Radyo Pilipinas Agoo.

It conducted its 7th episode of Tekno Presyensa: Syensya ken Teknolohiya para kadagiti Umili on April 4, 2024, focusing on the DOST's Smart and Sustainable Communities Program (SSCP) and the 2024 International Smart City (?) and Communities Exposition & Networking Engagement (iSCENE).

Ms. Raquel B. Santos, Senior Science Research Specialist of DOST Region 2, served as the resource person. As DOST continues to champion innovative approaches towards national development under the leadership of DOST Secretary, Dr. Renato U. Solidum Jr., the agency launched its SSCP headed by SSCP • 4

DOST, LGU Mambajao upskill Incident Management Team

To enhance resilience, the Department of Science and Technology, in collaboration with the Local Government Unit of Mambajao, conducts Basic Incident Command System at the new Operation Center building in Lakas, Mambajao. The training was participated in by 40 members of the Incident Management Team of the MDRMO.

The technical experts from the Office of the Civil Defense, Provincial Government of Lanao Del Norte and Bukidnon, and Local Government Unit DOST, LGU • 6

Sports Life

By Francis Buenaventura

"Empowering the Youth Through Sports Mentorship: DEPED Regional Games 2024"

Hey Sports Life readers! It. Has. Been. A. While. When was the last time I posted here?

Today, I'm thrilled to share my journey—a fusion of passion for youth sports coaching and a wealth of diverse experiences.

Over 24 years, I've been deeply involved in teaching, coaching, and mentoring young minds. Starting as a Special Needs Teacher and occupational therapist, I've celebrated the remarkable growth of students with diverse abilities.

But my journey extends beyond the classroom. With training and certifications from esteemed sports federations like the Samahang Basketbol ng Pilipinas, National Chess Federation of the Philippines, NBTC, Jr NBA, and Philippine Sports Commission, I've honed my skills to better serve young athletes.

Alongside, I've learned from veteran coaches, generously allowing me to observe their sessions. This, coupled with participation in the Online Sports Leadership Program Batch 11, has enriched my coaching toolkit.

Moreover, I run my own sports camp, a hub where chess, basketball, and volleyball converge to nurture holistic athletic development. Here, I've witnessed firsthand how sports shape character, instilling discipline and confidence.

Excitingly, this weekend, I'll welcome former players from the Scholastic Basketball Camp-ELITE Team for a visit—a chance to reminisce and reconnect with these talented athletes.

And speaking of excitement, let's not forget the DEPED Regional Games 2024, where student-athletes passionately campaign for their cities and regions. It's heartening to witness their dedication and enthusiasm, a testament to the power of sports in fostering camaraderie and pride.

Join me on this journey of empowerment, as we inspire, educate, and uplift the next generation of athletes. Together, let's build a community where passion, perseverance, and teamwork thrive. #YouthSports #CoachingJourney #EmpowermentThroughSports
